OF SOUTH CAROLINA

Docket No. 2005-397-C

In Re: Petition of)
Nexus Communications, Inc.,)
For Designation as an Eligible)
Telecommunications Carrier)

**PETITION FOR DESIGNATION AS AN ELIGIBLE
TELECOMMUNICATIONS CARRIER IN THE STATE OF SOUTH CAROLINA
(NO RURAL REDEFINITION REQUESTED)**

Nexus Communications, Inc., ("Nexus" or the "Company"), pursuant to Section 214(e)(2) and Section 214(e)(6) of the Communications Act of 1934, as amended (the "Act")¹ and Sections 54.101 through 54.207 of the Rules of the Federal Communications Commission ("FCC"),² hereby petitions the Public Service Commission of South Carolina ("Commission") for designation as an Eligible Telecommunications Carrier ("ETC") in certain BellSouth, Sprint and Verizon exchanges as described herein ("Designated Area") for the purpose of receiving universal service low-income support for the Life Line and Link-up Programs. Nexus does not seek ETC designation in areas served by rural telephone companies in South Carolina and does not intend to seek high cost support. As demonstrated below, Nexus satisfies all of the statutory and regulatory requirements for designation as an ETC in the Designated Area. Furthermore, designation of Nexus in the Designated Area will serve the public interest. Accordingly, Nexus respectfully requests that the Commission grant this Petition.

¹ 47 U.S.C. Sec. 214(e)(2); 47 U.S.C. Sec. 214(e)(6).

² 47 C.F.R. Sec. 54.101-54.207.

I. Background

1. Nexus is an Ohio corporation and is authorized to conduct Business as a foreign corporation in the State of South Carolina.³ Copies of the Company's Articles of Incorporation and authority to transact business in the State of South Carolina are on file with the Commission and incorporated herein by reference. The Company has been given authority by the Commission to operate as a competitive local exchange carrier (CLEC) in South Carolina in Docket No. 2004-59-C, Order No. 2004-421 effective September 3, 2004. The principal office of the Company is located at 3629 Cleveland Ave., STE C, Columbus, OH 43224. The Company provides local exchange, exchange access services and wireless services in BellSouth, Sprint and Verizon exchanges using a combination of unbundled network elements ("UNEs") provided by BellSouth, Sprint and Verizon that allows end-to-end switching delivery of calls.

2. As set forth in Section 214(e)(2) of the Act, the Commission "shall upon its own motion or upon request designate a common carrier that meets the requirements of [Section 214(e)(1)] as an eligible telecommunications carrier for a service area designated by the State commission."⁴ Upon designation as an ETC, the carrier shall be eligible to receive universal support in accordance with Section 254 of the act.⁵

3. The requirements for designation as an ETC set forth in Section 214(e)(1) are that the carrier must:

(A) offer the services that are supported by Federal universal support mechanisms under section 254(c), either using its own facilities or a combination of its own facilities and resale of another carrier's services (including the services offered by another eligible telecommunications carrier); and

(B) advertise the availability of such services and the charges therefore

³ Nexus Communications, Inc., was incorporated in the State of Ohio on September 11, 2000 (Charter/Organization ID: 1180608) and was granted a Certificate of Authority to transact business as a foreign corporation in the State of South Carolina on January 28, 2004.

⁴ 47 U.S.C. Sec. 214(e)(2); see 47 C.F.R. § 54.201(b) (FCC Rules citing the Act's requirements).

⁵ 47 U.S.C. Sec. 214(e)(1).

using the media of general distribution.⁶

II. Nexus Satisfies the Requirements for Designation as an ETC to Serve the Designated Area

4. Nexus is a common carrier as that term is defined in the Act.⁷ The Company provides competitive local telecommunications services in the State of South Carolina in accordance with Docket No. 2004-59-C, Order No. 2004-421 effective September 3, 2004.

5. Nexus offers all of the supported services enumerated under Section 254(c) using facilities obtained as UNEs from BellSouth, Sprint and Verizon. According to FCC Rules, facilities obtained as UNEs satisfy the requirement that an ETC provide the supported services using either its own facilities or a combination of its own facilities and resale of another carrier's services.⁸ Accordingly, the Company satisfies the requirement set forth in Section 214(e)(1)(A).

6. The services that are supported by Federal universal support mechanisms under section 254(c) are enumerated in the rules of the Federal Communications Commission ("FCC") at 47 C.F.R. Sec. 54.101(a)(1)-(9). These services are:

- a) Voice grade access to the public switched network. "Voice grade access" is defined as a functionality that enables a user of telecommunications services to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal indicating there is an

⁶ *Id.*

⁷ See 47 U.S.C. Sec. 153(10) ("the term 'common carrier' or 'carrier' means any person engaged as a common carrier for hire, in interstate or foreign communication by wire or radio or in interstate or foreign radio transmission of energy . . .").

⁸ Section 54.201(f) of the FCC's Rules states, "[f]or the purposes of this section, the term 'own facilities' includes, but is not limited to, facilities obtained as unbundled network elements pursuant to Part 51 of this chapter, provided that such facilities meet the definition of the term 'facilities' under this subpart." 47 C.F.R. Sec. 54.201(f). The term "facilities" under Section 54.201 is defined as "any physical components of the telecommunications network that are used in the transmission or outing of the services that are designated for support pursuant to subpart B of this part." 47 C.F.R. Sec. 54.201(e). Nexus's use of Sprint and Verizon, and BellSouth's UNEs meets this definition of "facilities."

incoming call. For the purposes of this part, bandwidth for voice grade access should be, at a minimum, 300 to 3,000 Hertz;

- b) Local usage. "Local usage" means an amount of minutes of use of exchange service, prescribed by the FCC, provided free of charge to end users;
- c) Dual tone multi-frequency signaling or its functional equivalent. "Dual tone multi-frequency" (DTMF) is a method of signaling that facilitates the transportation of signaling through the network, shortening call set-up time;
- d) Single-party service or its functional equivalent. "Single-party service" is telecommunications service that permits users to have exclusive use of a wireline subscriber loop or access line for each call placed, or, in the case of wireless telecommunications carriers, which use spectrum shared among users to provide service, a dedicated message path for the length of a user's particular transmission;
- e) Access to emergency services. "Access to emergency services" includes access to services, such as 911 and enhanced 911, provided by local governments or other public safety organizations. 911 is defined as a service that permits a telecommunications user, by dialing the three-digit code "911" to call emergency services through a Public Service Access Point (PSAP) operated by the local government. "Enhanced 911" is defined as 911 service that includes the ability to provide automatic numbering information (ANI), which enables the PSAP to call back if the call is disconnected, and automatic location information (AH), which permits emergency service providers to identify the geographic location of the calling party. "Access to emergency services" includes access to 911 and enhanced 911 services to the extent the local government in an

eligible carrier's service area has implemented 911 or enhanced 911 systems;

- f) Access to operator services. "Access to operator services" is defined as access to any automatic or live assistance to a consumer to arrange for billing or completion, or both, of a telephone call;
- g) Access to interexchange service. "Access to interexchange service" is defined as the use of the loop, as well as that portion of the switch that is paid for by the end user, or the functional equivalent of these network elements in the case of a wireless carrier, necessary to access an interexchange carrier's network;
- h) Access to directory assistance. "Access to directory assistance" is defined as access to a service that includes, but is not limited to, making available to customers, upon request, information contained in directory listings; and
- i) Toll limitation for qualifying low-income consumers. Toll limitation for qualifying low-income consumers.

7. Upon designation as an ETC, Nexus will participate in, and offer, LifeLine and Link-Up programs to qualifying low-income consumers and publicize the availability of Lifeline and Link-Up services in a manner reasonably designed to reach those likely to qualify for those services, as required by FCC Rules.⁹ Attached hereto as **Exhibit A** and incorporated herein by reference are copies of Nexus's proposed Lifeline and Linkup tariff to be filed with the Commission upon approval.

8. Nexus will advertise the availability of the above-referenced services and the charges for those services in the Designated Area using media of general distribution,

⁹ See 47 C.F.R. Sec. 54.401-54.417; 54.405(b) & 54.411(d).

as required by FCC Rules.¹⁰

9. Nexus is financially qualified and committed to providing high quality telecommunication services within the State of South Carolina. Nexus has previously provided the Commission with evidence of its financial capabilities to provide the supported in the context of its application to become certified as a CLEC in Docket No. 2004-59-C. Upon request Nexus will provide the previous year's financial statements. The financial statements of Nexus contain proprietary and confidential information not generally available to the public and thus will be marked as confidential and will be submitted under seal to be maintained by the Commission and Commission staff on a confidential basis pursuant to the Commission's current rules.

10. Attached as **Exhibit B** is a resume of the company's sole officer. Nexus has previously provided the Commission with evidence of its managerial and technical capabilities to provide the supported services in the context of its certification application in Docket No. 2004-59-C.

11. Attached as **Exhibit C** to this Petition and incorporated herein by reference is the certification of Steven Fenker, President of Nexus certifying that the Company satisfies all of the requirements for designation as an ETC to serve the Designated Area.

III. Area for Which ETC Designation is Requested

12. Nexus has served and will continue to serve the exchanges where it leases UNEs or resells the services of the non-rural telephone companies, BellSouth, Sprint and Verizon in the State of South Carolina. Nexus does not seek designation as an ETC in any areas served by rural telephone companies. The Company does not provide local exchange service in any area served by any rural telephone company. The exchanges in

¹⁰ See 47 C.F.R. Sec. 54.201(d)(2).

the BellSouth, Sprint and Verizon service areas that Nexus serves and for which it seeks ETC designation are attached as **Exhibit D**.

IV. Granting Nexus's Petition will Serve the Public Interest

13. Congress requires that the Commission grant competitive ETC petitions in non-rural areas.¹¹ No specific public interest test is mentioned, as is the case for areas served by rural telephone companies.¹² Thus, the Act provides that the Commission "shall" designate Nexus as an ETC upon finding that the company meets the nine-point list of services and that it agrees to advertise the supported services throughout the designated service area. The designation of Nexus as an ETC will serve the public interest, convenience and necessity.

14. A central purpose of the Telecommunications Act of 1996 was to "promote competition and reduce regulation . . . [thereby securing] lower prices and higher quality services ... and encourage the rapid deployment of new telecommunications technologies."¹³ Designation of Nexus as an ETC would further these goals. Granting ETC status to Nexus would allow the Company to obtain federal universal service support, which it will use to offer innovative telecommunications services at competitive prices to rural consumers in the BellSouth, Sprint and Verizon service areas.

15. Nexus will announce and advertise telecommunications services as an ETC where it provides service in the BellSouth, Sprint and Verizon service areas in South Carolina and will publicize the availability of Lifeline and Link-Up services in a manner reasonably designed to reach those likely to qualify for those services. Accordingly, more low-income South Carolina residents will be made aware of the

¹¹ See 47 U.S.C. 214(e)(2).

¹² See *Id.*

¹³ The Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56, 56 (1996).

opportunities afforded to them under the Lifeline and Link-Up programs and will be able to take advantage of those opportunities by subscribing to Nexus' service.

16. Nexus is a contributor to the Federal Universal Service Fund.

IV. Contact Information

Name and Address of Applicant

The corporate headquarters of Nexus Communications, Inc. is:

3629 Cleveland Ave., STE C
Columbus, OH 43224
Telephone: (740) 549-1092
Facsimile: (740) 740-548-1173
Email: sfenker1@earthlink.net

Correspondence regarding this Application should be directed to:

Exhibit A – Proposed Tariff Changes

SECTION 5 -LIFELINE AND LINKUP

5. 1. Lifeline Program

Lifeline service is a unique class of service provided to an applicant which is designed to meet basic residential communications needs for emergency calls and for the maintenance of necessary social contacts. Lifeline service includes: single party service, voice grade access to the public switched telephone network; DTMF or its functional equivalent; access to emergency services; Toll Blocking will also be optional under this service. Lifeline service is available to qualifying low-income subscribers for single party residence service. Lifeline service is a reduction in the monthly residential access line rate charges normally paid by qualifying low-income customers. Eligible Lifeline subscribers will receive total a reduction of their residential access line rate for one party service of \$13.50. The components of the reduction to basic residential one-party rates are as follows:

- Federal baseline Lifeline reduction: \$8.25
- Company credit: \$3.50
- Supplemental Federal Support: \$1.75

5.1.1 Applicability:

- A. Lifeline discounts are applicable to local exchange services provided to eligible residential Applicants.

5.1.2 Territory:

- A. Within the base rate areas of all BellSouth, Sprint and Verizon exchanges as shown and defined in the Incumbent LEC's current and effective Tariffs on file with the Commission.

5.1.3 Discounts:

- A. Lifeline is provided as a reduction of the subscriber's access line rate for local service in amounts equal to the sum of the federal baseline support credit, the company credit (as provided by the Incumbent LEC), and the supplemental federal support credit.

5.1.4 Terms and Conditions:

- A. Lifeline is provided only to the customer's principal residence.
- B. One low-income credit is available per household and applicable to the primary residential connection only. The named subscriber

must be a current recipient of any of the low-income assistance programs identified in 5 following.

- C. Proof of eligibility in any of the qualifying low-income assistance programs should be provided to the Company at the time of application for service. The Lifeline credit will not be established until the Company has received proof of eligibility.
- D. When, for any reason, a customer is determined to be ineligible the Company will contact the customer. If the customer cannot provide eligibility documentation, the Lifeline account will be disconnected.
- E. Certification of eligibility in any of the qualifying low-income assistance programs will be required for any account that has been disconnected prior to the reestablishment of the service.

5.1.5 Eligible low-income assistance programs:

- A. The eligible low-income assistance programs are the same as those defined in the Incumbent LEC's current and effective Tariffs on file with the Commission.
- B. The Federal baseline lifeline reduction shall be used to waive the customer's Federal End-User Common Line charge.
- C. Lifeline Service will not be furnished on a Foreign Exchange service.
- D. Toll Blocking Service provides a means of restricting access to the Long Distance Message Telecommunications Network. Toll Blocking for the purposes of Lifeline Service will restrict 1+, 0 + and 0- (operator handled) calls.
- E. Toll Blocking Service is offered to Lifeline subscribers at no charge.
- F. Applicant must meet all following criteria to qualify for Lifeline Link-up service:
 - 1. To qualify for Lifeline or Link-up the consumer must participate in one of the following programs:
 - a. Medicaid
 - b. Food stamps
 - c. Supplemental Security Income (SSI)
 - d. Federal public housing assistance
 - e. Low Income Home Energy Assistance Program

2. The customer must sign, under penalty of perjury, a document certifying:
 - a. He/she is receiving benefits from one of the programs in listed above.
 - b. Name of the program(s) from which they are receiving benefits.
 - c. That he/she will notify the company if he/she no longer participates in the program(s) listed above.
- G. The premises at which the residence service is requested must be the applicant's principal place of residence.
- H. There is only one telephone line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
- I. Customer may change to Lifeline Service from any other type of residential service at no charge. If a Lifeline customer no longer qualifies for Lifeline Service, that customer may change back to another type of residential service, in which case there will be no charge.
- J. All charges either recurring or non-recurring for any service other than Lifeline Service, as described herein, shall be billed at the tariffed rate.
- K. Lifeline Service customers shall be exempt from state sales tax applicable to their basic residential access line.

5.2 Link-Up Connection Program

- 5.2.1 Link-Up is a connection assistance program, which provides for the reduction of applicable charges associated with connection of telephone service,
- 5.2.2 The applicant must meet the requirements for qualification for Lifeline Telephone Service.
- 5.2.3 Link-Up is a Federal Lifeline assistance program applicable to eligible residential subscribers and designed to promote subscriber ship to the telephone network among low-income residential households.
- 5.2.4. Service connection charges, as set forth subsequently in this tariff, for initial installation of the main residential service access line, will be discounted at a rate of 50%, not to exceed \$30.00. This reduced charge shall be assessed only for a single residential telephone line per eligible household at the principal place of residence.
- 5.2.5 The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed two months. The deferred charges do not include any permissible security deposits required.
- 5.2.6 Link-Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previous provided.
- 5.2.7 The premises at which the residence service is requested must be the applicant's principal place of residence.
- 5.2.8 There can only be one telephone access line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
- 5.2.9 Link-Up will not be furnished on a Foreign Exchange service.

Exhibit B –Managerial Qualifications

Steven Fenker – President

Steven Fenker is President of Nexus Communications, Inc., which is currently providing Competitive Local Exchange Service in the states of Ohio, Indiana, Illinois, Wisconsin, Michigan, Kentucky, Alabama, Florida, Georgia, Kansas, Mississippi, Missouri, North Carolina, and South Carolina

Nexus has been approved but is not currently providing Competitive Local Exchange Service in the states of Texas, Arkansas and California.

Mr. Fenker is responsible for compliance with all governmental mandates, negotiating resale agreements with underlying local exchange carriers, and oversees the all financial matters. Mr. Fenker has over fifteen years experience in starting and running various successful telecommunications companies. Mr. Fenker's telecommunication experience also includes several successful start-up companies in the wireless business.

Mr. Fenker owns 100% of the outstanding shares of stock and is the sole Officer and Director of Nexus.

Exhibit C – Certification

I, Steven Fenker, certify as follows:

1. I am the President of Nexus Communications, Inc., certificated as a Competitive Local Exchange Carrier (CLEC) in the State of South Carolina in Docket No. 2004-59-C, Order No. 2004-421 effective September 3, 2004.

2. I provide this certification in support of Nexus' Application for Designation as an Eligible Telecommunications Carrier in South Carolina. Nexus is seeking designation as an ETC under Section 214(e)(2) and Section 214(e)(6) of the Communications Act of 1934, as amended, so that it can serve the universal service needs of consumers residing in the state of South Carolina.

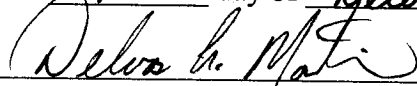

3. For the reasons set forth in Nexus' Petition, Nexus meets the criteria for ETC designation under Section 214(e)(2) and Section 214(e)(6). Specifically:

- (a) Nexus is a common carrier for purposes of obtaining ETC designation.
- (b) Nexus provides telephone exchange service and exchange access service.
- (c) Nexus offers the services designated for support by the Commission pursuant to Section 254(c).
- (d) Nexus offers the supported services using its own facilities or a combination of its own facilities and resale of another carrier's services.
- (e) Nexus advertises the availability of such services and the associated charges using media of general distribution.

I have examined and formulated the foregoing request, and to the best of my knowledge, information and belief, all statements of fact contained in said request are correct statements of the business and affairs of the requesting carrier with respect to each and every matter set forth.

Steven Fenker, President
